To the Students of George Washington High School
from the Department of the Navy

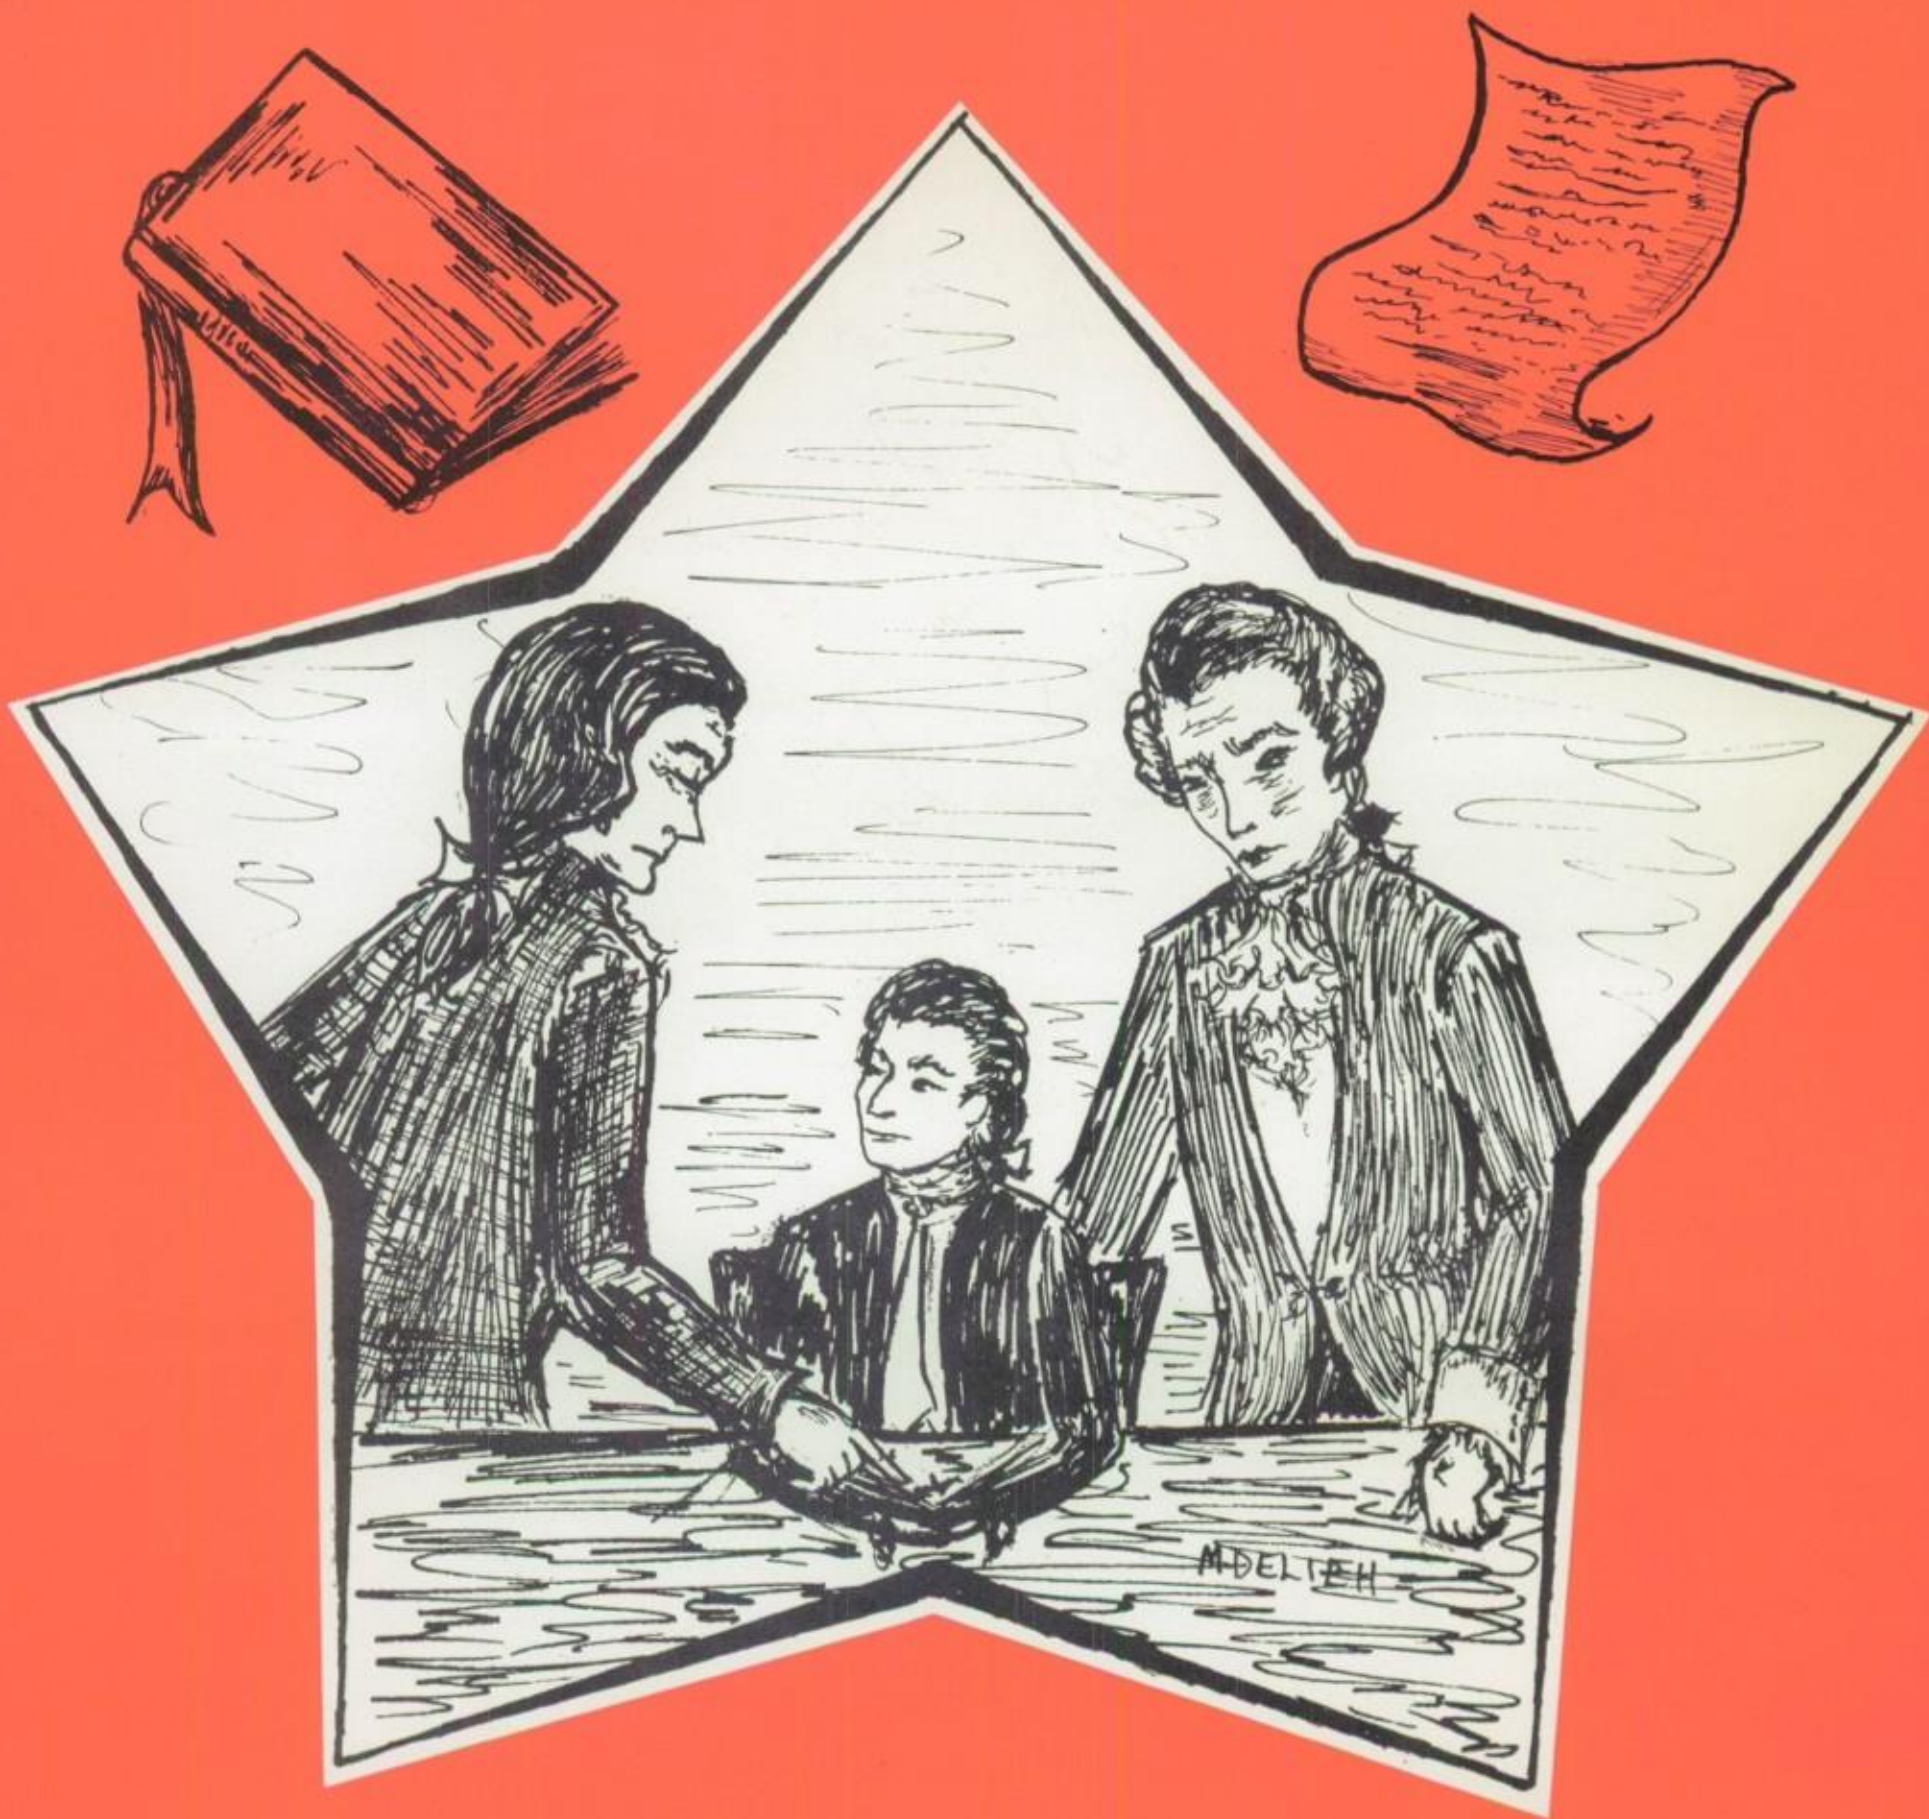

Your school and this submarine have more than a name in common; by different methods each is helping to preserve the great heritage of this nation. I hope that the display of the submarine model, the photograph, and this letter at a prominent location within your school will be a continuing reminder of this heritage.

Sincerely,
Fred Korth
Secretary of the Navy

Truth, honor, loyalty, wisdom . . . This is the motto of George Washington. These are the truths for which he stood. These are the words embossed on every senior class ring. So it is that this man, George Washington, and his ideals form the very foundation of our school, for here is a place where youth can prepare to live in an uncertain, changing, and challenging world; here is an atmosphere in which the student may receive the guidance and motivation which he needs to develop his intellectual, social, and economic abilities to the limit of his capacities; here is a surrounding from which the individual may emerge assured of his inherited culture and prepared for his future life. George Washington High School is thus named for George Washington, whose mark is imprinted in the hearts and minds of Americans everywhere. It is the mark of OUR HERITAGE.

The Principals Message

TO THE CLASS OF 1964:

The class of 1964 is a very special class; it is our fifth class. The HERITAGE, 1964 is a very special volume of the HERITAGE -- the fifth. During the five years which have elapsed since the graduation of our first class and the publication of the first HERITAGE, many fine things have happened at Washington High School, and to our students.

On the heritage which George Washington left to our country -- liberty, honor, wisdom, truth and loyalty -- our students have established traditions of excellence in many areas of student endeavors—to cite but a few:

The five volumes of the HERITAGE are outstanding examples of excellence.

The performance of BYE BYE BIRDIE in 1962 and PAJAMA GAME in 1963 came as close to professional performances as high school students could possibly come.

Our "Latin Interest Week" in 1964 has stimulated intense interest in Latin not only at Washington, but at many of our neighboring public and parochial high schools.

Our annual LIBERTY WEEK has established a tradition in which we can all take justifiable pride.

But above all has been established the tradition of excellence in scholastic achievement. We have participated in the National Merit Scholarship awards for the past five years with the following overall results:

Number Tested	Number of Merit Scholars	Number of Finalists	Number of Letters of Commendation	Number in 98 & 99 Percentile	Number At or Above 90 Percentile
316	2	4	11	18	86

On a percentage basis few, if any, schools which have graduated only five classes can equal or excel this record. Of particular pride is the number at the 90th percentile, or the top 10%. Since 316 took the examination, we could expect 31.6 to be in the top 10% but we had 86, which means that 27+% of our students who took the examination did as well as the top 10% taking the examination. This is a real tribute to your dedication to excellence.

In the past five years, three of our graduates have received Naval R.O.T.C. Scholarships. When you consider that only 96 such scholarships are awarded annually in the State of Illinois and that there are more than 700 high schools in the State of Illinois, it becomes evident that our achievement in this area is phenomenal.

To you and those who have preceded you during these five years, I extend my best wishes and congratulations. Fortunate, indeed, will we be if our graduates during the next five years will distinguish themselves and bring honor to their school.

IN MEMORIAM

RAYMOND POTNAR
August 31, 1946
December 22, 1962

Kathy B. warms up her serve while Arch D. loosens up before a game.

She loves you? Yeah! Yeah! Yeah?

The latest in fashions are displayed by Nick M. and Rita D., the best-dressed seniors of Washington High School.

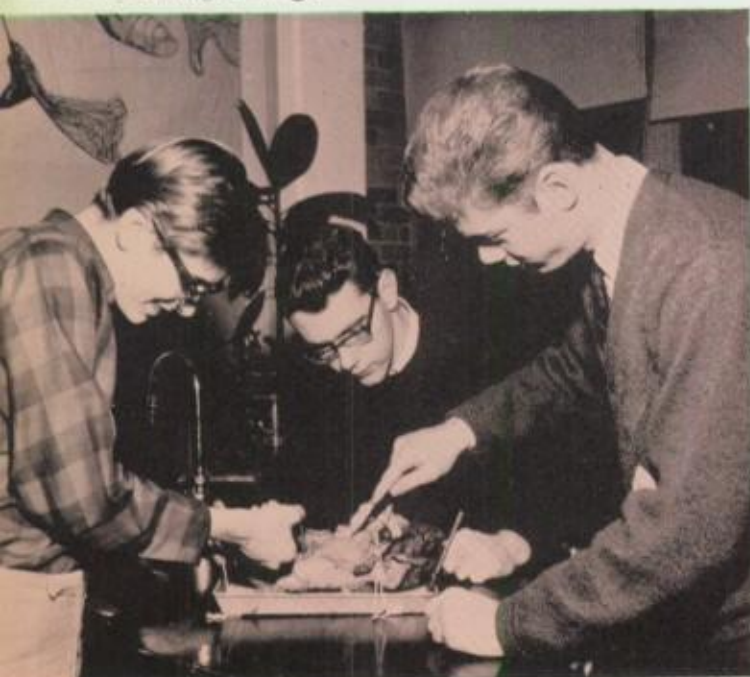

June Senior Candida

Larry W. and Gwen K. are pleased with their new title of "Cutest".

Pat P. finds that the more rings you wear the more secure you feel about being a senior.

Bruce A., Dave W., and Dick P. carefully examine the internal structure of a fetal pig.

How can Bruce W. and Georgia H. escape without a trace of homework?

Andy H. and George H. and Andy P. prove the point that being a senior is a very expensive affair.

Our Branch At Taylor

The George Washington High School Branch, located at 99th and H, is attended by 141 freshmen. Since they are so few in number, the students have a good opportunity to become acquainted with each other, and since there are fewer classes, the teachers can associate with the students on a personal level. The Branch, although started only two years ago, is presently supplied with all equipment necessary for freshman courses, including laboratories and textbooks. An added feature, which is not enjoyed by Washington students at the principal building, is the pleasant setting of Calumet Park.

Students from the Branch eagerly await the beginning of ninth period so that they may begin their biology class.

At Taylor, Kenneth P. rings the bell that gets students to and from classes on time.

Organizations

Student Council

The Student Council, which operates on the principles of our nation's democratic society, introduces Washington students to self-government. At Student Council meetings, problems of concern to the student body are brought up and discussed and debated upon. Through their division representatives and elected officers, every student has the opportunity to voice his opinions and suggestions on any topic.

The Student Council has initiated various projects designed to help the students and their school. The monitor plan, set up last year by the Student Council, is designed to cope with the lunchroom problem. To encourage sportsmanship and leadership the Student Council has placed plaques throughout the school reminding students to uphold these characteristics. Also the Student Council has sponsored dances, dress-up days, a Derby Day and a Teacher Recognition Day.

Again this year special Student Council committees planned Liberty Week, which is held once each year in February during the week containing George Washington's Birthday. The week's events included a Freshman Orientation Assembly, an Awards Assembly, a Student Government Day, a Brotherhood Day, and the Liberty Ball.

National Honor Society

The most selective organization at Washington, the National Honor Society, is composed of students who have upheld the standards of scholarship, leadership, character, and service throughout their high school career. Judged on the basis of these characteristics, students having a 3.0 grade average are recommended by the faculty for membership in this organization.

After this year's induction, which nearly doubled the membership, the students resumed and expanded their special project, the tutoring service. Through this service, initiated only last year, the National Honor Society members give their extra time to help students who are having difficulty in their studies.

Alpha

Alpha, Washington's junior honor society, is composed of students who have been on the honor roll and honorable mention for the previous semester. At their monthly meetings, and at special bonus meetings, the Alpha members gain valuable information about scholarships and colleges. At many of the meetings members have an opportunity to hear talks given by a series of guest speakers from many Midwestern colleges and universities. Also this year, Alpha has sponsored a sale of class folders for the benefit of the Elizabeth Fogarty Scholarship Fund.

At the present time a special steering committee has been formed to start a school handbook, which will be given to current Alpha members and to incoming students. The handbook, free of charge, will contain a summary of clubs and school organizations.

Heritage

The yearbook staff proudly presents *Heritage, 1964*, a record of the student body in their work, their victories, their joys, and their accomplishments during the past year. The *Heritage* staff has tried to publish the most complete and accurate yearbook Washington has ever had. In early September the staff members began to prepare *Heritage*: they set up the budget, decided upon the theme, planned the pages and layouts, scheduled and supervised the photography, wrote the copy and captions, produced the artwork, and finally made a last check on the final proofs before publication.

In compiling this annual, the students gave much time and effort, but from their work they gained an understanding of the basic principles of copy writing, commercial art, and business management. They also learned the importance of working together. For only from a combination of all these was the staff able to present your story, *Heritage, 1964*.

Patriot

Our school newspaper, the *Patriot*, is published by student members of the newspaper staff and is distributed monthly to the student body along with an issue of *Roto*, a scholastic high school magazine.

The *Patriot* informs the student body of school news, provides an outlet for student expression, and encourages interest in journalism. The various feature and page editors try to present a variety of articles and editorials ranging from joyous news of sport victories to the often humorous Senior Class Will. Some of the columns which are popular with the students include the Senior Spotlight, the Inquirer, Orchids to . . . , and Baby Talk.

This year's new sponsor of the *Patriot*, Miss Schindel, commented, "The interest of the student body and cooperation of the newspaper staff have been most encouraging during my first year as sponsor of the *Patriot*."

The Future Teachers Association has been under the supervision of Mrs. Cooper since 1957, shortly after Washington opened.

The Association is designed to give knowledge and guidance to those students interested in exploring the teaching profession. Members have the opportunity to gain experience in teaching by substituting in the elementary and high school classrooms for teachers who are absent. At their semi-monthly meetings, guest speakers in the teaching profession inform the students of the various fields of teaching and about the skills and values of teaching.

In the past year, the Future Teachers Association sponsored the annual Faculty Breakfast, at which the students honored their teachers. On Student Government Day, which was held as a part of Liberty Week, the members took over many classes and instructed their fellow students for a day.

The members of the Future Nurses of America receive help and guidance in nursing techniques and practices, and learn of the training and standards held in careers related to the medical field.

Members of this organization, sponsored by Mrs. Erdos, attend Open Houses at various hospitals, where they may talk informally with the hospital staff. Many students also serve as volunteer nurses aides at South Chicago Hospital, where they gain practical knowledge and experience.

Along with these individual activities, members of the Future Nurses of America hold two service projects and one money-making project each year. Through these projects, the student members distribute small gifts and bring joy to children in the Cook County Hospital.

Junior Classical League

Two years ago, the Junior Classical League became a chapter in a national organization comprising over 100,000 members. Now one of the largest and most active clubs in the school, the League's 100 members pledge to instill an appreciation for the glories of the ancient world and as their charter states "to hand on the torch of classical civilization to the modern world".

One of the primary activities of the League is the Latin Week Celebrations. This year from March 30 through April 3 the League members, under the guidance of Mr. Plesic, held daily activities, including a Latin Interest Day for a number of neighboring public and parochial high schools, a lecture by Father Raymond V. Schoder, a toga day for club members, and a take-off on the Broadway musical *My Fair Lady*. Earlier in the school year the Latin Glee Club caroled through the halls at Christmas and held a winter festival dance, the Saturnalia. A Latin banquet was held during June to highlight the close of the year.

Los Hidalgos

Los Hidalgos, which translated means *The Noblemen*, is the name of the Spanish Club organized a year and a half ago by Mrs. Macey. Students wishing to become members of this organization must have completed at least their first year of Spanish with a G average. Meetings are planned by a Program Committee to help Spanish students become better acquainted with the social and political histories of Latin America. Also this year, *Los Hidalgos* members observed Pan American Week with colorful festivities.

Science Fair Club

The Science Fair Club offers interested students an opportunity to further their knowledge and ability in the various fields of science. With the help of Mr. Jaris, their sponsor, members discuss new developments in science and work on their own projects. Each year the students enter their projects at the District Science Fair under one of the following headings: biology, physics, chemistry, electronics, mathematics, and general science. Then the best projects are sent to the City-Wide Science Fair, where the students may win a Westinghouse Scholarship or a Science Fair Scholarship.

Math Club

Formed last year by Mr. Myers, the Math Club stimulates an interest in mathematics, informs members of the various careers in math, and tries to present topics not generally covered in the classroom. A prospective member of the Math Club must have an avid interest in mathematics and at least a C average in geometry.

At many of the meetings of the Math Club, which are normally held twice a month, guest speakers lecture on math careers. To add further interest and enjoyment in some meetings, a difficult problem, called the "mathematical nut", is posed for solution by members.

This year for the first time the Math Club is entering a national contest sponsored by the Mathematical Association of America. Through this contest the members of the Math Club hope to gain national recognition for Washington.

Art Club

The Art Club, whose sponsor is Mrs. J. D. Nichols, is designed to increase the student's art appreciation and to help develop his artistic abilities. Its ultimate aim is to help students find themselves in art expression either as a hobby or as a profession.

The Art Club is active throughout the entire year. Its members are continually working on special projects; such as, making centerpieces, place mats for trays, and favors, which are sent to the Junior Red Cross for Veteran Hospital distribution. This past year the Art Club has made over 290 of these special projects.

Library Club

The members of the Library Club are a group of the busiest students at Washington. The club members volunteer their time and service to assist the librarians in performing a variety of tasks, which include preparing books for circulation, checking in and handing out books, and keeping the shelves of library books and publications in order.

At monthly meetings, under the direction of Miss Ryan, the members are informed of the current events taking place in the club. When they have completed rigid service requirements, members are awarded a gold pin.

Miladies

Some of the most delightful girls of our school are those who belong to the Miladies. A junior or senior girl who has completed two semesters of home economics with a grade of E or S is eligible for membership in this service organization.

A member of the Miladies learns how to serve a meal attractively and to cater to her guests. Our Miladies, under the sponsorship of Miss Abrams, serve at school functions; such as, the Senior Tea, Principal's District Meetings, National Honor Society Induction and Science Fair Breakfast.

J. E. T. S.

The Junior Engineering and Technological Society, chartered by the National Jets Organization headed by Dr. David Reyes-Guerra, Professor of Engineering, University of Illinois, was organized at Washington in the fall of 1963 by Mr. Krauszowski. A Jets Conference is held for all J.E.T.S. chapters in the state in the spring of each year at the University of Illinois. Six George Washington J.E.T.S. attended this conference, where they viewed display projects constructed by the various chapters and studied the technological papers which were presented at the University.

The Society, composed primarily of juniors and seniors, strives to motivate the study of mathematics and physical sciences relating to all phases of engineering and industry. To these ends, meetings are held monthly, where movies pertaining to science and engineering are shown and members discuss the different facets of engineering.

D. E. C. A.

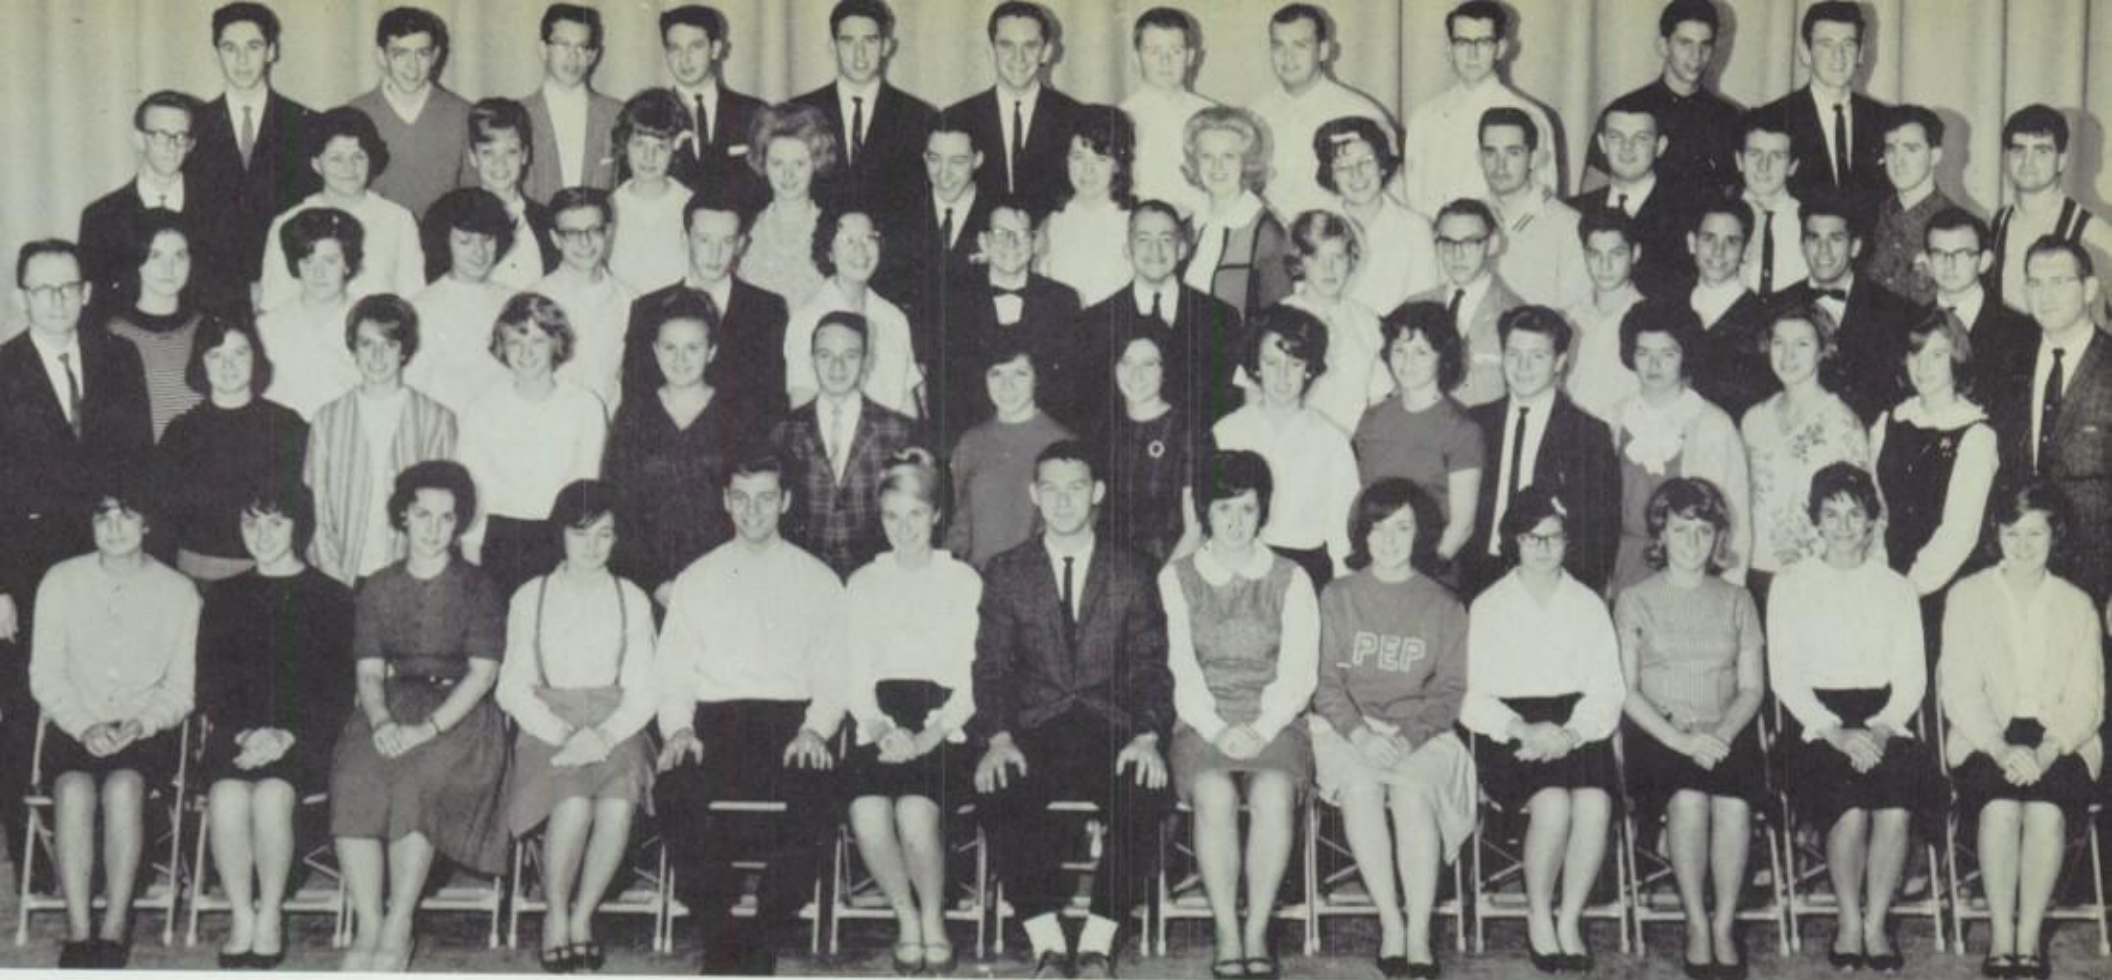

The Distributive Education Program of the Chicago Public School System combines classroom knowledge with job-training experience. Instructed in the classroom by Mr. Loschetter, the D. E. student sees his studies in practical application by spending fifteen hours a week working at a carefully selected training station. Through the Distributive Education Clubs of America, students are also kept informed of the many distributive fields, including merchandising, display, advertising, selling, and marketing.

This February a representative from our Washington D.E.C.A. chapter was sent to the Illinois Association of Future Distributors, a leadership conference, held in Springfield, Illinois.

Drama Club

The Drama Club gives its members an opportunity to gain poise and confidence while they escape into other lives and other events. Although this club was set up only last year, it has already produced two musical comedy hits, *Bye Bye Birdie*, presented April of 1963 for two evening performances, and *The Pajama Game*, given in early December for three consecutive evenings. Besides the fun of being cast into other peoples' roles, members learn to work with each other and to appreciate how important each person's work is to the unified whole. Under the joint direction of Mr. Mertic and Mr. Krauszowski, the Drama Club has become one of the few organizations to be seen and enjoyed by the public.

Chorus

Under the supervision of Miss Corbin, the Mixed Chorus provides music for many of the school's functions. For the Christmas Program the Chorus offered many delightful carols and solo numbers. Later in May the Chorus performed the madrigal opera "Speak Up." This contemporary opera deals with the adolescent and the social problems of our day.

The objectives of the Chorus are to stimulate an interest in choral singing and to develop an appreciation for music. Prospective members are expected to have a reasonably good voice, which is tested to determine quality and vocal ability.

Washington's Band helps the students to gain acquaintance with musical literature and to improve their technical ability on instruments. Under the direction of Mr. Jaffe, the Concert Band is heard at all public performances, including the Christmas programs, Pep Assemblies, Spring Festivals, and graduations. The Concert Band also participated in the city-wide Chicago Public Schools Band Contest held yearly at Harrison High School.

Started in 1958, the band has progressed to the level where it can now offer students four stages of advancement. In Beginners' Band students select their instruments and individually learn basic concepts of practice, while Intermediate Band, normally entered in the 2B semester, combines the students into one playing group. Finally the recommended students enter Concert Band, the performing group on the highest level of achievement.

Aides

Office, Gym, and Teacher Aides are student volunteers who serve their school in a variety of tasks. In the gym, girls set up gym equipment, referee games, run errands and do clerical work. In return for their assistance to the physical education instructors, these girls earn extra service points toward their G.A.A. letters and pins. Other students assist teachers and office workers by carrying messages, typing records, caring for laboratory equipment, keeping files and doing routine paper work. Their services help these students to learn responsibility and to show interest in their school.

Homecoming

Last December the Alumni Association held the Fourth Annual Homecoming, which proved to be a most memorable day for students and alumni alike. After the end of the regular classes, the school began to fill with former graduates, many of whom participated in the traditional Varsity-Alumni Basketball Game. Despite vigorous cheering by fellow graduates the alumni dropped the game to the victorious Varsity by 25 points.

Then, in the evening, an even larger turn-out visited teachers and enjoyed the company of old friends at the Homecoming Dance. The highlight of the dance was the presentation of the trophy and tiara to this year's Homecoming Queen, Carole Becich. With her court, Carole ruled happily over the lovely couples who danced to the music of the Continentals with John Miraldi.

Marion W., president of the Alumni Association, presents Carole Becich, the 1964 Homecoming queen, with her trophy, while Bernice R. and Fran L., past queens, look on.

Everyone relaxes to an evening of dancing, after the queen has been chosen.

Liberty Ball

On Friday, February 21, 1964, the George Washington Student Council presented the Sixth Annual Liberty Ball, the gala semi-formal dance which highlighted this year's Liberty Week. For this special event, our gym was transformed into a dreamy Parisian scene designed for the theme "An Evening in Paris". The decorations were accented by a Paris Cafe complete with red-checkered table cloths and glowing candles, two murals of the Folies Bergere, and an aisle of artist canvases. Amidst this fantasy of beauty, Janice Kersten was crowned Miss Liberty as the silver-covered Liberty Bell broke, showering down bright balloons on the delighted couples. Then to the music of the Mellow Tones the couples drifted in dreams of an evening that will linger long in their hearts.

The bell opens and everyone reaches for a souvenir of that wonderful night.

This year's graduating class held their long awaited Senior Prom at the Silver Lake Country Club. Among soft lights and billows of lace and satin, the starry-eyed couples danced in a dream of their own to the soft music of Bill Scott and his orchestra. Eager for the future, yet reluctant to bid farewell to fond memories of the past, the wistful seniors spent an evening to remember "As Time Goes By".

Dennis L. and Diane K. look forward to an evening of dancing at the Senior Class Prom.

White tuxedos with black ties and formal dresses with glowing tiaras add to the enchantment of the evening.

Among the happiest of all are the class officers who proudly take their positions for the traditional Grand March.

John M., easily detected by the gold suit, played the part of Conrad Birdie, a Rock-n-Roll singer, and demonstrated to all that he was both singer and actor.

The major characters of *Bye Bye Birdie* assemble around the desk of Albert J. Peterson (Chip C.) and Rosie Alvarez (Linda W.) who were the two leads.

This is part of the "Birdie" cast which helped make the play a real success. The scene is, of course, the "telephone hour", one of the biggest numbers of the show.

The seamstresses of *Pajama Game* tediously work to complete pajamas for the Sleep Tite Pajama Company.

These young actors play the male workers in *Pajama Game*.

Tom D., Kathy M., Jean B., and Sam P., the major leads of *Pajama Game*, attempt to examine a pair of pajamas while Cathy takes notes on the conversation.

"Seven and a half cents may not be a heck of a lot," but it served as a great theme for our play. This group portrays the many feelings toward the question of the seven and a half cent raise.

The winning of the 1963 Christmas Tournament Blue Division Championship by the Minutemen, coached by Mr. Foreman, brought to our school its first trophy in athletics. Also, the Sportsmanship Trophy was awarded to Washington for the fine conduct displayed by our student body at the tournament.

The Minutemen went on from this victory to face rough competition in league play against such teams as Bogan, C.V.S., and Morgan Park. The team distinguished themselves on the court and finished with six wins and four losses in league play. Their overall record was fourteen and nine, the best in our school's history. One of the team members, Robert Zoretich, led all scorers in Blue Division Christmas Tournament and ranked ninth in All City-Blue Division scoring. Probably the most exciting game of the year was a 69 to 67 overtime victory over C.V.S. that gave the Minutemen second place.

The Frosh-Soph, under their new coach, Mr. Alexander, again this year finished with an enviable record of thirteen wins and five losses. In league play, they had a record eight wins and two losses, good enough for second place. They played several impressive games and Washington's basketball future appears to be bright.

Cheerleaders

Our cheerleaders, dressed in their perky buff and blue cheer outfits, are present at every basketball game leading the Washington students in cheers and spurring the mighty Minutemen on to victory. From the beginning of the school year these girls spend many hours in diligent practice to develop the rhythm and poise that they so vividly display.

However, leading cheers to stimulate school spirit is not the only function of the cheerleaders. This year they participated in many other activities: they sponsored the Cheerleader Playday, cheered for the Bears All Star Game, attended a Cheerleader Clinic, which was held April 20 at the University of Chicago, and helped other girls who wished to become cheerleaders.

Ronnie S. raises his megaphone to give a cheer for our fighting Minutemen.

G.A.A.

The membership of the Girls' Athletic Association includes nearly every girl at Washington. Under the direction of their sponsor, Miss Derbas, the G.A.A. Board tries to plan and organize activities which will help the girls of Washington to become better citizens both athletically and socially. Special events of the year included a Lei Day, a party given to welcome new freshie girls and to elect a freshie queen, the annual All Star Volley Ball and Basketball Games, a Peppermint Frolic Dance, and the big Play Day.

Only the most athletically inclined girls may receive their G.A.A. 500 point pins and G.A.A. Letters. However, before earning either of these two awards, the girls must pass specified physical tests, complete their service requirements, and participate in many extra curricular sports.

Pep Club

A prominent cheering section at Washington High School basketball games is the Peppers. The Pep Club members try to promote a better school spirit among the student body. Recently this club was reorganized: the pep club members are divided into two groups, with new members wearing green pepper emblems and older members wearing red peppers on their blue sweaters. Besides being an active part of the cheering squad at games this past year, the Peppers also have made hundreds of tags and many posters encouraging game attendance and confidence in the school teams. Under the direction of Miss Derbas, these girls proudly proclaim, "We've got the Minutemen on our team . . . They're grr-reat!"

Baseball Team

Last year's baseball team, under Mr. Breitenreiter, placed second in the league with a record of eight wins and six losses. This second-place finish gave the Minutemen a playoff berth, and they proved that they were equal to it by defeating Parker. However, they were later eliminated from the city playoffs by Bowen.

As the yearbook goes to press, the 1964 season is just beginning. Nine returning lettermen, Archie Dawson, Robert Delcorio, Sam Panayotovich, James Kolbaum, Ted Krga, Charles Staley, Mark Sorak, Keith Zwickl, and David Zientara, should give depth and experience to the team. The strong pitching staff and a capable array of hitters should carry the Minutemen to many victories at Rowan Park, their home field.

Archie D., the leading hitter on last year's squad, protects the plate in anticipation of the next pitch.

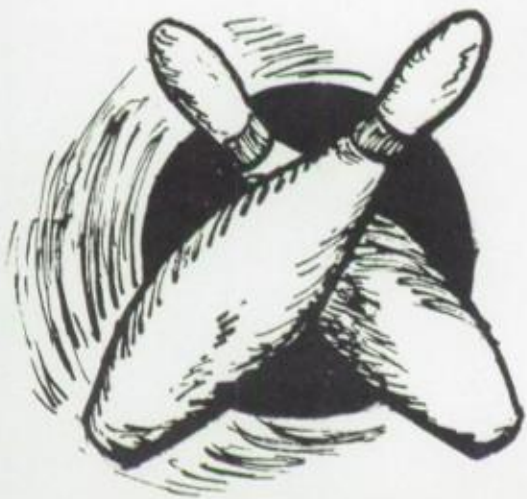

Boys' Bowling League

The Boys' Bowling League, sponsored by Mr. Mertic and Mr. Buoscio, is made up of fourteen five-man teams which bowl in round-robin competition every Saturday morning for thirty weeks. At the end of the competition, trophies are awarded to the first, second, third, and fourth place teams at the annual Bowling Banquet. Also, Bowling letters are awarded to Juniors or Seniors who have bowled in the league for two years and have participated in the annual Public League Bowling Championships. This year the top ten bowlers of the league had a roll-off to determine the five members for the city championships.

The league competed against teams from Fenger, Hirsch, and other high schools. It will participate again in many annual bowling tournaments.

Girls' Bowling League

The Girls' Bowling League, under Miss P. Davidson, meets every Monday afternoon at Hegewisch Lanes. For thirty-five weeks the ten teams of four girls each bowl against each other.

During these weeks, the girls try for numerous bowling patches awarded by the American Junior Bowling Congress. The patches are awarded for converting difficult pin combinations and for exhibiting other bowling abilities.

These weeks of competition culminate in the Bowling Banquet in May. Trophies are awarded to the teams which emerge in first, second, and third places. Also, individual trophies are awarded for the highest series, the highest game, and the highest average.

Wrestling Team

First row-J. Nastav, P. Popravak

Second row-V. Emanuel, T. Janowski, K. Zwickl, C. Rydell, R. Peting, D. Holevas, J. Stewart, Mr. Fulton (Coach), M. Butorac

From the winners of last year's intramurals, a wrestling team was formed this year under the supervision of Mr. Fulton. It has members in all twelve weight classes, who practice for several months out of the year. This year, the team had four matches against Fenger, Mendel, Bogan, and Bowen. They won two and lost two and expect to have a fuller schedule of matches next year.

Cross Country Team

The Cross Country Team was formed this year by Mr. Breitenreiter to make use of Washington's ample talent in this field. In several meets, the team has done remarkably well for its first year. Washington emerged victorious in a dual meet with C.V.S. and placed second in a triangular meet with Bogan and C.V.S. In the city meet, Washington placed fourteenth out of twenty-five competing schools. Paul Lucas ranked forty-second out of two hundred distance runners.

Next year's prospects look even brighter because all the juniors and sophomores who made up this year's squad will be returning.

Front row-R. Lukas, R. Ogrentz, C. Rydell, R. Widstrand, R. Clark

Second row-R. Debski, R. Podgorny, D. Bledsoe, T. Janowski, P. Lukas, J. Stewart, Mr. Breitenreiter (Coach)

Tennis Team

First row-R. Widstrand, C. Caprez, D. Hernes

Second row-J. Jadryev, Mr. Buoscio (Coach), J. Bouslog

The Tennis Team is a newly founded organization in athletics for boys. The team, sponsored by Mr. Buoscio, is made up of a group of school-spirited juniors and seniors who have shown ability in tennis.

The team, captained by Jim Jadryev, participated in public league competition against such teams as South Shore, Bowen, Moran Park and Fenger.

Charles Caprez

Swimming Team

This year, our school was represented in swimming competition by Charles Caprez, who is sponsored by Mr. Foreman. Chip competed in an all-city meet at Austin High School and placed eighth in the forty-yard free style. He also competed in an all-city meet held at Fenger in April.

The baseball team listens intently to Mr. Breitenreiter as he explains their opponent's weaknesses.

Ron A. and Dennis K. Succeed in capturing a loose ball as Archie D. prepares to move down court.

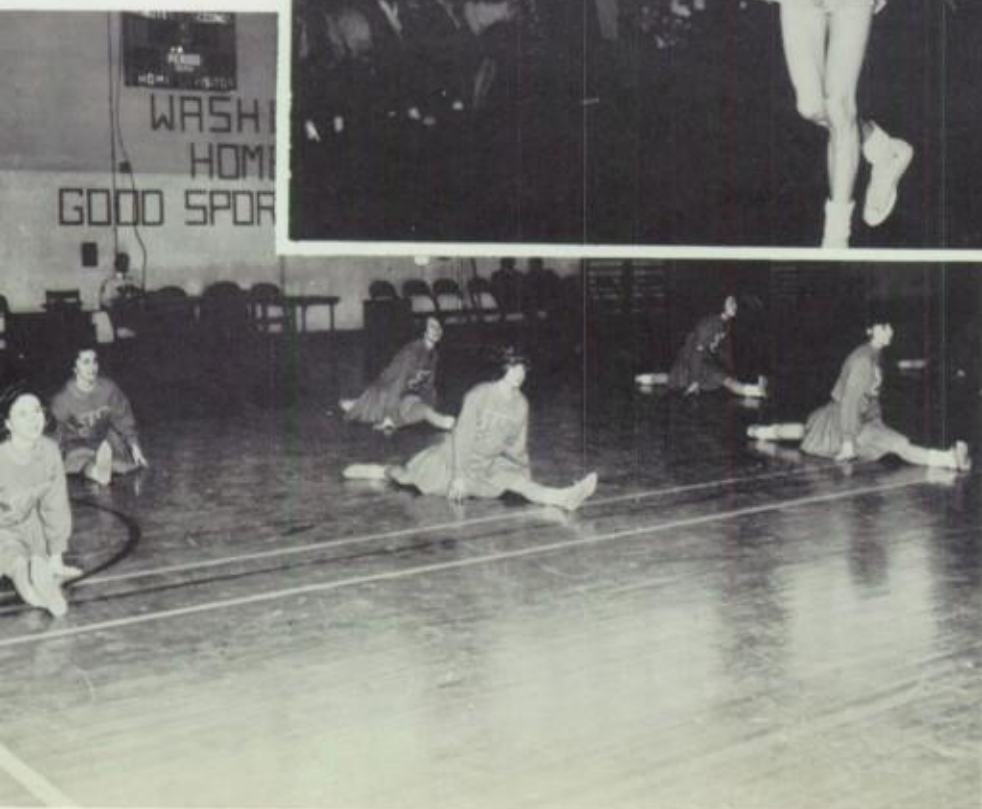

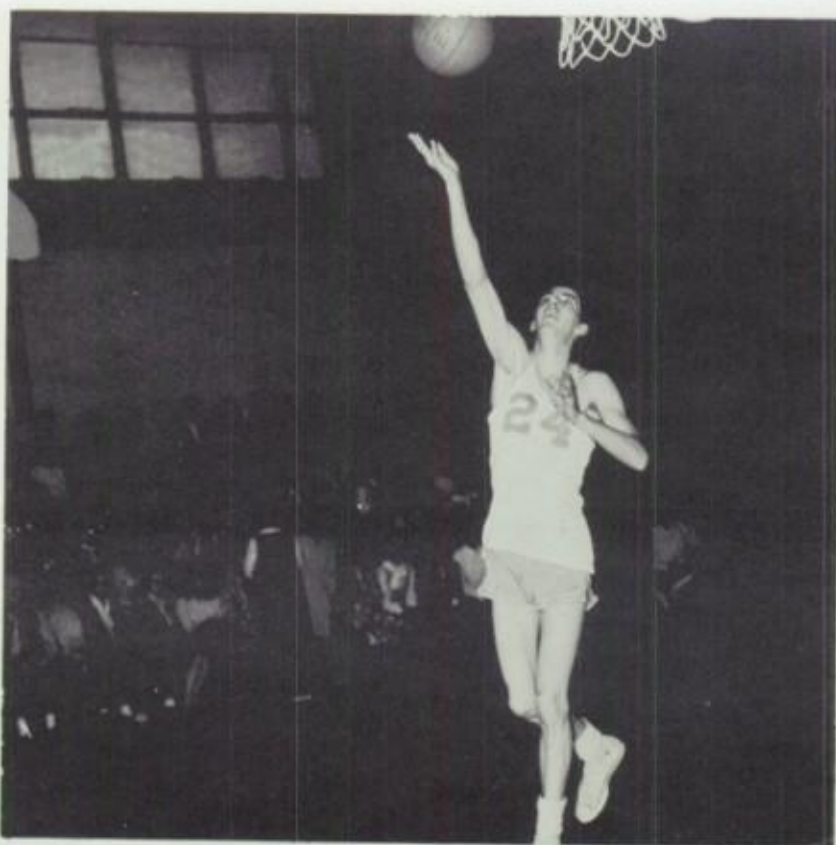

The first two athletic trophies ever won by our school, the Christmas Tournament Blue Division Championship trophy and the Sportsmanship Award, are treasured by the entire student body.

Sport Candid's

ve M. goes in to score unmolested on a fast break.

With a quick fake, Jim K. deceives a C.V.S. player and goes up for the shot as Dennis K. moves in for the possible rebound.

Bob Z. thwarts the C.V.S. defense by using his patented turn-around jump shot to score two more points.

Richard O. contemplates becoming a *Heritage* patron.

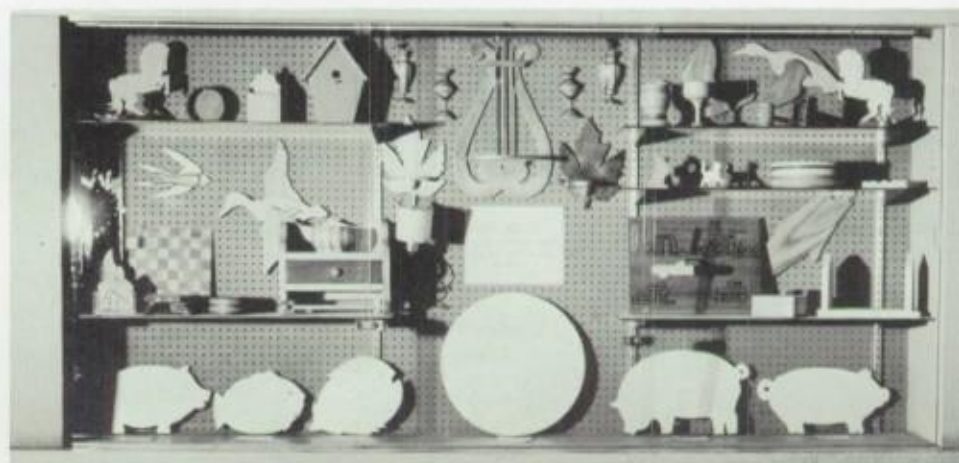

Dave A. proves to Mary D., Nancy S. and Kris H. that chivalry is not dead.

Lynnea S. and Karen G. prepare F.N.A. Easter projects for the Cook County Hospital.

Candida

The shop has a number of skilled students, whose work is exhibited in the shop display case.

These students attempt to look into the future as they prepare to decide on the college for them.

Contemporary American History is proving to be a little more difficult than these seniors had anticipated.

The staff wishes to thank Mr. Richard Loschetter, faculty business manager, and Pat Pucher and Chris Urban, his assistants, for directing the sales and distribution of the *Heritage*. The staff is grateful to all the division yearbook representatives who collected student deposits for the *Heritage*, and to the Washington chapter of D.E.C.A. for their enthusiastic advertising campaign.

Grateful acknowledgement goes to Walingier Studios for their photography and to Norman King Company, publisher, for their helpful suggestions.
